
PASC-PD 1.1 — EXECUTIVE BRIEF

Trauma-informed, culturally fit housing as a sovereignty and anti-capture tool

Bilingual edition (FR/EN)

Record ID: PASC-REC-PD-20251223-0002 • Date: 2025-12-23 • Version: 1.1

A. FR — Synthèse

- PASC-PD 1.1 rend l'habitat mesurable sur 3 indexes obligatoires: PEI (guérison/efficacité psychologique), CFI (adéquation culturelle), EII (impact environnemental/durabilité).
- Les Annexes normatives A–G rendent la norme auditable (scoring, surpeuplement, climat, POE, sécurité, matériaux, gouvernance).
- Effet anti-capture: preuves terrain + maintenance localisable + évaluateurs nationaux + clauses de co-conception.

Actions 90 jours

- Lancer 1–2 sites pilotes avec POE (Annexe D).
- Créer/activer un registre d'évaluateurs (Annexe G).
- Insérer les clauses anti-capture dans les marchés publics.

B. EN — Executive summary

- PASC-PD 1.1 makes housing measurable through 3 mandatory indexes: PEI (healing/psych effectiveness), CFI (cultural fit), EII (environment/durability).
- Normative Annexes A–G make adoption auditable (scoring, crowding, climate equivalences, POE, safety, materials, governance).
- Anti-capture effect: field evidence + locally serviceable maintenance + national assessors + co-design procurement clauses.

90-day actions

- Launch 1–2 pilot sites with POE (Annex D).
- Create/activate an assessor registry (Annex G).
- Embed anti-capture clauses into public procurement.
